

Rising Stars Announced! Join us in Celebrating the Innovation and Technology of Tomorrow!

Alpha Cognition is a clinical stage, biopharmaceutical company dedicated to developing novel treatments for under-served neurodegenerative diseases.

BioLum Sciences provides highly selective assay kits and custom assay services for pre-clinical drug discovery and cell biology research.

Cx Precision Medicine is a life science company developing blood-based biomarker screening technology as well as companion diagnostics for therapeutic agents.

Form Bio was developed to empower scientific discovery. Our mission is to help scientists reach their next breakthroughs faster and with less effort.

Memsel Inc. is a scientific research & development company committed to developing multi-functional smart materials and innovative devices to improve the quality of life.

Phronetik is a rapidly-growing leader advancing precision medicine by leveraging biotechnology, bioinformatics, and artificial intelligence to improve diagnosis, treatment and monitoring to impact scientific research with actionable insights.

Secretome Therapeutics is developing a pipeline of secretome products to address diseases driven by inflammation and mitochondrial dysfunction.

Spark Biomedical, Inc. is a medical device company developing non-invasive neurostimulation solutions for opioid withdrawal and addiction.

Cell & Gene Therapy: Wild West + Next Frontier

Expert Panelists

Tania Martin-Mercado,
PhD, MS, MPH
President & CEO, Chief Scientist
Phronetik

Berge Minassian, MD
Division Chief of
Pediatric Neurology
UT Southwestern Medical Center

Vincent Shier, PhD
Partner
Hayne and Boone

Hear expert panelists provide a brief history of CGT, discuss the advances and implications of CGT in the USA, CGT pioneers in Texas, and how we are advancing the science locally.

EY Returns with State of Texas Report

The State of Texas Report highlights the health and resilience of our industry.

Expert Panelists

Sid Backstrom, JD
Chief Administrative Officer
G-CON Manufacturing

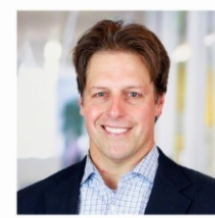

Eva Hevron
Partner
Ernst & Young

Anil Kumar, PhD, MS
Economic Policy Advisor and
Senior Economist
Federal Reserve of Dallas

Larry McManus
Director of Business and
Community Development
Office of Texas
Governor Greg Abbot

Todd Skrinar, MBA
Principal, US-West Health
Sciences & Wellness Leader
Ernst & Young

Join us and hear from EY when they again present the **Texas** version of their global **Beyond Borders – Biotechnology Report** at the Annual iC³ Life Science & Healthcare Innovation Summit on Thursday, September 28th - Friday, September 29th.

With insights into capital allocation strategies, investor perspectives, financial performance, and other key topics; EY's yearly industry analysis serves as a bellwether for global biotech leaders.

2023 Full Beyond Borders

2022 Texas Report

AI and iC³: Evolving Drug Development

Expert Panelists

Claire Aldridge, PhD
Chief Strategy Officer
Form Bio

Gabriela Wilson, PhD,
FHIMSS, SNAI, FIAHSI
Director of Health & Public
Health Informatics
The University
of Texas at Arlington

Josh Seidenfeld, JD, MBA
Chair of Digital Health Practice
Cooley

Panna Sharma
President & CEO
Lantern Pharma

How and Where is AI Impacting the Biopharma Industry

Come hear expert panelists speak to how development can historically be a long, winding road- and how AI is radically changing that. A plethora of AI tools are revolutionizing the drug discovery process at nearly every level, reshaping the speed, targets and economics of the industry.

Opening Doors: Resources for Startups

Expert Panelists

Adrian Denvir, PhD
Director of
SBIR Programming
UNT Health Science Center

Gabby Everett, PhD
Director of Business Operations
and Strategy, Site Head
BioLabs Pegasus Park

Kristin Lonergan, CIC
Market President, DFW
Cadence Insurance

Edward Meagher, JD
Partner
Carter DeLuca & Farrell LLP

Tiffany Tovar
Community Manager
MassChallenge

Starting a company in the life sciences can be hard, but you don't have to do it alone! North Texas has a vast arsenal of incredible resources for new and seasoned entrepreneurs alike. Hear from local industry experts as we dive into funding, business fundamentals, IP strategy, and risk management.

Hear Texas' Top Industry CFOs Speak on Drug Launch Life Cycles

Expert Panelists

Kristen Alexander
Vice President, Finance & Accounting
Lexicon Pharmaceuticals

Dave Lowrance
CFO
Savara, Inc.

Michael Marquez
CFO
Nanoscope Therapeutics

Zachary Nelson, MBA
Texas Life Sciences Consulting Leader
RSM US LLP

Joe Payne
Vice President of Quality and
Regulatory Affairs
Scorpius Biomanufacturing

Anthony Placencio
Partner
RSM US LLP

Greg Salcido, MPA
CFO
Arugula Sciences

Listen to executives and leaders from life sciences speak to different stages of the drug launch cycle, and discuss challenges, opportunities, and futures to provide perspective for other companies embarking on the same journey. Hear tangible examples of challenges, successes, pitfalls-and how to avoid them, as well as personal stories from commercial launches.

Supply & Demand: Lab + Building Conversions

Expert Panelists

Ken Anthony, MS
Vice President of Life Science
Haskell

Jeremy Kinsel
Director of Preconstruction
BE&K Building Group

Chelsea Story
Vice President, Occupier
Advisory & Transaction
Services
CBRE

North Texas is ripe with spec warehouses, office space, and land for development, but there are many costs to consider when choosing a facility location; including financing, operational time to market, environmental costs, retrofitting, tradeoffs, and more.

Biomufacturing: Moving to North Texas

Expert Panelists

Patricia Larrabee, MS
President
Facility Logix

Thomas Page, PhD
Vice President of Engineering
and Asset Development
FujiFilm Diosynth
Biotechnologies

Joe Payne
Vice President of Quality and
Regulatory Affairs
Scorpius Biomanufacturing

Bill Poole
Regional Director of
Business Development
EwingCole / ECBuild

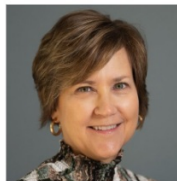

Biopharma is the intersection of biotechnology and pharmaceutical manufacturing. Listen to industry leaders addressing the physical spaces required to bring revolutionary treatments like cell and gene therapies, to patients who need them.

Roadmap to Innovation: Hot Topics in Regulatory, Quality and Data Protection

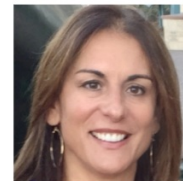

Expert Panelists

Cheryl Anderson, PharmD, MBA
Chief Executive & Founder
ACE Regulatory Affairs Consulting

Bobbi Drais, MS, RAC
President
Drais Regulatory Consulting, LLC

Julie Liambotis
US Director and Data Protection
Manager
MyData-TRUST

Massoud Motamed, PhD
Vice President of Quality
Nanoscope Therapeutics

Trey Putnam, PhD, RAC
Vice President of Regulatory Affairs
and Quality
Osteal Therapeutics

Meeting the expectations of regulators during product development and commercialization is a key driver of biotechnology innovation. Our regulatory, quality, and data protection experts will be discussing some of today's hottest industry topics.
