- *Benn Lamm, Colossal Biosciences*

FEG Investment Advisors hosted an Investment Symposium at Pegasus Park on May 3. The event welcomed more than 100 attendees to hear from industry leaders on investment, economic, and biotech trends.

During the Biotech Panel, Nolan Bean, Head of Institutional Investments at FEG led the discussion with Eli Casdin, CIO and Founder of Casdin Capital, and Kush Parmar, MD, Ph.D, Managing Partner at 5AM Ventures. While the market has been considerably rough to begin 2022, FEG believes in the long-term resiliency of the broader biotech market.

## Venture Capital's Growing Interest in Texas' Medtech Industry

The research found that medtech venture capital funding has increased 67 percent across the country since 2017, financing \$20 billion to medtech companies during that period. Texas has received \$555 million of that investment, the fourth most in the country after tech powerhouses California, Massachusetts, and New York.

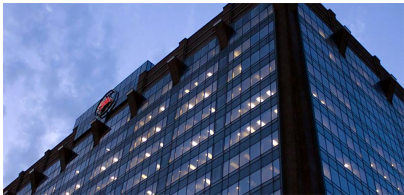

Dallas, though, is more than carrying its weight. A world-class research institution provides consultation and a ready talent pool for potential startups and having several companies that have seen success also helps. North Texas' swelling population is another factor that makes local companies attractive to investors.

The growth of Pegasus Park, TechFW, Fort Worth's Medical Innovation District, and the continued success of medtech companies that roll out of UT Southwestern have made North Texas a key player in that increased investment, despite Houston's massive medical center and Austin's tech prowess.

## Capital Factory Investing in NTX Center for Health Innovation & Health SuperNova at Pegasus Park

[Learn more here](#)

The Austin-based accelerator and investor is launching its Center for Health Innovation at Pegasus Park in Dallas by end of 2023. Its goal: connecting startups locally and across the state with each other, as well as other corporate and research players in the space.

Capital Factory chose Dallas to focus on health innovation due to the density of companies in the region operating in the space, as well as nearby research players like UT Southwestern and UT Dallas that are spinning out startups in fields like biomedical engineering, med-tech and computer science, Chambers said.

## ReCode Therapeutics to Present at 2022 RBC Capital Markets Global Healthcare Conference

[Learn more here](#)

ReCode Therapeutics, a biopharmaceutical company pioneering disease-modifying genetic medicines using its proprietary selective organ targeting (SORT) lipid nanoparticle (LNP) delivery platform, today announced that David Lockhart, Ph.D., President & Chief Scientific Officer of ReCode Therapeutics, will participate in a fireside chat on Tuesday, May 17 from 2:05 - 2:30pm ET at the upcoming 2022 RBC Capital Markets Global Healthcare Conference being held in New York City from May 17 - 18, 2022.

## BioNTX Facility Committee to speak at DFW Airport Cargo Luncheon on May 17 in Grapevine

Attendees have an opportunity to speak with DFW cargo stakeholders regarding the industry growth in North Texas.

BioNTX is proud to collaborate with DFW Air Cargo Association to discuss our goals and roles in creating a pharma manufacturing cluster in DFW and the opportunities this brings to the DFW Cargo Community.

Register here

## Visit BioNTX in the BioTexas Booth at the BIO International Convention - June 2022

THBI is leading the Texas State delegation at the BIO International Convention in San Diego. This is the largest global event for the biotechnology industry and BioNTX is proud to be going to represents the innovation happening in the North Texas Life Science industry! Please join us in making Texas shine!

See this year's delegation

## Join us in Dallas and Fort Worth for the Talent Network Meet & Greet

BioNTX invites all job seekers from undergraduates to Post Docs, and from lab technicians to business professionals. The industry is growing and needs you!

Attend our Meet & Greet and learn more about joining the bioscience and healthcare innovation industry in North Texas.

Registration guarantees 2 free drinks for students and postdocs ONLY.

## BioNTX 8th Annual iC3 Life Science & Healthcare Innovation Summit

Innovation x Capital, Collaboration and Commercialization

Early Bird Registration

### What is the iC3 Life Science and Healthcare Innovation Summit?

The iC3 Life Science and Healthcare Innovation Summit serves as the forum where leaders come together to discuss strategy, exhibit the broad spectrum of North Texas bioscience research, and where the latest innovation, products and services can be seen.

### When and where is iC3 Summit?

This year, the iC3 Summit will take place at the Gaylord Texan Resort & Convention Center in Grapevine, TX on September 22 and 23.

### Registration

If you register for the event now, you will receive an early-bird discount. BioNTX members will receive an additional discounted price!

## Featuring your BioNTX Member Discount: UPS

*More savings. More research.*

We offer discounts through the **BIO Business Solutions®** program for our members only. Save thousands of dollars every year with the discounts available to you as a part of your BioNTX Membership!

### What is UPS Healthcare?

UPS is the world's largest package delivery company, reaching more U.S. ZIP codes by 8:00AM. UPS Healthcare manages advanced packing, tracking, and cold and frozen storage to ensure secure, compliant distribution of critical yet fragile vaccines and therapies.

### Member Savings

- Save up to 74% on UPS Next Day Air® services
- Save up to 59% on UPS 2nd Day Air® services
- Save up to 59% on UPS 3 Day Select Services®
- Save up to 51% on UPS Ground® Commercial services
- Save up to 44% on UPS Ground® Residential services
- Save up to 68% on UPS Worldwide International services
- Special pricing on UPS' Proactive Response
- UPS Capital Flexible Parcel Insurance
- UPS Temperature True® Packaging
- UPS Store Business Services discounts and other Value added services

## Post Your Open Job Positions Today!

Join the Network!

BioNTX has created a Talent Network on LinkedIn and we invite all BioNTX Members and life science companies to post their job opportunities to connect and network with job seekers.

By posting open positions, you will:

- Find qualified candidates for the bioscience and healthcare industry
- Save time and money on the recruitment process
- Gain more visibility
- Create a more engaging and personal experience for the candidate

## More Upcoming Events & Opportunities in North Texas

### 2nd Quarterly Luncheon of 2022 *DFW Air Cargo Association*
