## COLLABORATION

BioNTX Facilities Committee Presents:

# The Nuance of Life Science Facilities - How Does it Impact Your Science?

**Grant Carter, MSOL**  
President  
Carter, Inc.

**Sam Johnson, CFA**  
Senior Vice President  
Montgomery Street Partners

**Isabel Mandujano, LEED AP BD+C**  
Director of Laboratory Planning  
LPA Design Studios

**Gary Roden**  
Partner/Vice President of Design  
Build Business Development  
TDIndustries, Inc.

**Tim Tench, MBA**  
Vice President,  
Business Unit Leader, Life Sciences  
MAPP, LLC

Life Science is an emerging industry in our region. While it has all the ideal qualities of a Life Science ecosystem, we are lacking existing space to meet the unique needs of Life Science tenants. What are some of the best practices and innovative approaches to consider as we build out the physical space for our Life Science ecosystem? Where does a company even start when considering their workplace? How can your facility impact your science?

## If You Build It, They Will Stay

**Ethan Garner, CCIM**  
Managing Director,  
Healthcare & Life Sciences  
Jones Lang LaSalle

**Sam Johnson, CFA**  
Senior Vice President  
Montgomery Street Partners

**Scott McNallan, AIA**  
Director of Architectural Design  
CRB

**Lynne Meers**  
Director of  
Business Development  
CRB

Join BioNTX at the 2022 iC<sup>3</sup> Life Science Summit to learn more about developing a growing life science ecosystem from idea inception to manufacturing and delivery.

## COMMERCIALIZATION

### Impact of Innovation on Clinical Trials, Accelerating Patient Outcomes

**Melissa Acosta, PhD**  
Director, Office of Clinical Research  
JPS Health Network

**Jeffrey Allard, PhD**  
Founder & President  
Lakeside Life Sciences, LLC

**Russell Bromley**  
Director of Operations | Principal  
AyuVis Research, Inc. | TRAC Consulting

**Pamela Nelson, PhD, RN**  
President & CEO  
Bracane Company

**R'Kes Starling, RPh, MBA**  
President & CEO  
Reveles Clinical Services

**Kay Tieman**  
VP Business Development & Marketing  
Lakeside Life Sciences, LLC

Clinical research sponsors, study sites and service providers continue to be faced with challenges such as retention of study participants, a lack of diversity within participant populations, compliance with regulatory requirements, and collecting and managing data. And most importantly, maintaining trust with patients. Our panel of providers, sponsors, and CROs will contemplate how innovation and technology can be deployed to address the trend in challenges.

## Rising Stars Presentations

Rising Stars are the next generation leaders tackling the biggest challenges in healthcare and life sciences exhibiting recent noteworthy achievements. Listen to these North Texas based companies in the life science and healthcare innovation industry who are making a big impact in the community.

All this and much more!
